

DIGITAL PORTFOLIO SUBMISSION

There are three components you will need to include in your digital portfolio which are explained below. These must be submitted via **www.wetransfer.com** by 4pm on Friday 28th February. These portfolios will be considered when allocating places onto this popular course:

- 1/ **'Call and Response' Diptychs**: Following on from the Subject Sampling video, we are looking for three diptychs that you present next to each other (on a Word document or similar). Download the three provided images from the resources and create your own response that 'echoes in some way' the forms or the colours or ideas represented in the first picture. You should be looking for an overall cohesiveness between the two images, a way that the two images fit together visually. Use your creativity to find artistic ways to interpret and capture your response.
- 2/ Write a **summary** (not more than 500 words) describing what you were aiming to do in these photographs and commenting on aspects of them you find interesting and successful.
- 3/ Choose **three additional photographs** you have taken of any subject matter that reflects your interest and potential ability in photography.
- 4/ Submit via **WeTransfer** to photography@alcestergs.com

Diptych examples:
